SKP-100 User Manual

1.How to use SKP-100 match car keys.

Connect SKP-100 to the main cable, and plug main cable to the car's OBD2 socket.

Press [OK] to enter the menu.

Press [OK] to enter the vehicle selection. Press the arrow keys to select vehicles.

***The operation can be done according to the SKP-100 tips.**

2. The menu HARDWARE TEST is reserved, you can ignore it.

3. How to upgrade the SKP-100.

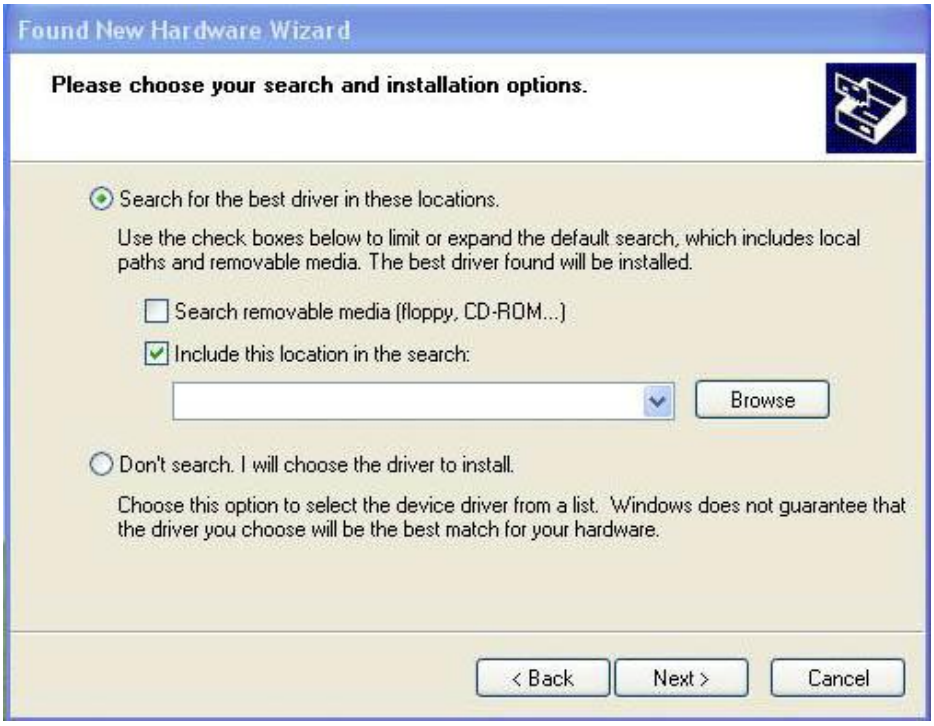
Connect SKP-100 to the computer with the USB cable.

4.1 Installing the SKP-100 driver

If it is the first time using the SKP-100, please install the driver before update.

Found New Hardware Wizard
Welcome to the Found New Hardware Wizard
This wizard helps you install software for:
EDES Software Ltd. I2C Analyzer Device
If your hardware came with an installation CD or floppy disk, insert it now.
What do you want the wizard to do?
Install the software automatically (Recommended)
Install from a list or specific location (Advanced)
Click Next to continue.
< Back
Next >
Cancel

Select "Install a list or specific location (Advanced)", click "NEXT".



Found New Hardware Wizard
Please choose your search and installation options.
Search for the best driver in these locations.
Use the check boxes below to limit or expand the default search, which includes local paths and removable media. The best driver found will be installed.
Search removable media (floppy, CD-ROM...)
Include this location in the search:
Browse
Don't search. I will choose the driver to install.
Choose this option to select the device driver from a list. Windows does not guarantee that the driver you choose will be the best match for your hardware.
< Back
Next >
Cancel

Select "Include this location in the search", click "Browse".

Locate the folder of the disc "USB Drive", click "OK".

Click “Next”.

Hardware Installation
The software you are installing for this hardware:
SKP_100 download driver
has not passed Windows Logo testing to verify its compatibility with Windows XP. (Tell me why this testing is important.)
Continuing your installation of this software may impair or destabilize the correct operation of your system either immediately or in the future. Microsoft strongly recommends that you stop this installation now and contact the hardware vendor for software that has passed Windows Logo testing.
Continue Anyway
STOP Installation

Click “Continue Anyway”.

Click “Finish”.
